

To Our Extended CDG Family:

We are approaching a very bittersweet moment here at Carquinez Dental Group. While we are extremely saddened by the thought of not sharing our daily routine with Dr. David Shafer, we are beyond happy and excited for him as he will embark on his next journey!

We have had the privilege and honor of working alongside Dr. Shafer for the past 14 years. The three of us have tremendously enjoyed the ease at which we have practiced the art of dentistry with each other. We have always shared the same morals, beliefs, interests, and skills here at CDG, which has made the daily routine an absolute joy and not just a “job”.

While we will sorely miss Dr. Shafer, we absolutely look forward to meeting even more of you and continuing with the same outstanding care you received as you partnered with Dr. Shafer. A feeling of loss and transition will be unavoidable, but we will do our absolute best to make your visits and ongoing care just as valuable as they always have been here at CDG! We will see you all soon!

Very Truly Yours,
